

## 2015학년도 1학기 강의정보

2015학년도 1학기 강의정보							
<b>교과목명</b>	사회과학탐구의논리	<b>교강사명</b>	정이운				
<b>학점</b>	3	<b>수강대상 학년</b>	2학년				
<b>교재명</b>	Introduction to Social Research	<b>구분</b>	주교재	<b>저자</b>	Earl Babbie	<b>출판사</b>	Cengage
<b>강의목표</b>	1. This course covers research methods in the social and behavioral sciences. We will discuss major methods used in public administration research and corresponding data collection options and analysis issues.						
<b>교과목 해설</b>	Research methods and research designs for public and social affairs. Epistemology of government performance. The whole process of social research method from research design to data collection and analysis.						
<b>강의진행 방법</b>	1. This course will include a variety of reaching methodologies including lecture, discussion, and small group exercises. This course will be taught in English. The majority of student discussions will also be in English, but when it is deemed helpful for student progress, students will be given the opportunity to ask questions and have group discussions in Korean. To maximize student learning, at the end of each class (about 5 minutes), the instructor and students will interact in Korean to clarify class content.  The final exam will not be cumulative.
